Modality Systems CustomInvite

Enhancing Your Skype for Business Meeting

CustomInvite by Modality Systems makes it easy to create unique Skype for Business meeting invites directly from Microsoft Outlook. The enhanced Outlook plug-in improves the user experience of scheduling and joining meetings, allowing guests without internet access to easily participate by phone. Equipped with custom company branding, key dial-in numbers and passcodes, the plug-in also allows one-click entry for guests joining via a mobile device. Customers are able to personalize language and number preferences, allowing them to make certain information more prominent or remove unrequired details entirely.

Better Meetings Accross Teams

CustomInvite is ideal for organizations with dispersed workforces, mobile workers, traveling executives and businesses wishing to establish a more collaborative working environment. Save time, boost productivity and make it easier to meet.

Easy Integration

CustomInvite is compatible with all Microsoft Skype for Business and Lync 2013 users. Additionally, the plug-in is compatible with Windows 7, 8 and 10 and Microsoft Office 2010, 2013 and 2016.
